The family of Lucy Grinderson is quarantined for diphtheria. Mrs. Grinderson being the sufferer.

FIES love to feast on flies and then get into the house and wipe their feet on your socks or on baby's bottle. Boreas has spread flies and disease in doing their work, and, besides, it is better to be your own scavenger by keeping clean than to have the flies do it for you; for not only is the dangerous companion, but clean people are beginning to suspect that those who have flies about them are dirty housekeepers.

If therefore you wish to bear a reputation for cleanliness in your neighborhood be sure that your trash and manure heaps are frequently removed and that your house is properly screened.

County Clerk Horsey faced a marriage license last Tuesday to Price Sanchez and Alice McElmick, both of Hatch, N. M. The couple were married by Judge A. J. Lee.

Charles Green of Midland was down Wednesday and Thursday on business trips. He has recently recovered from a severe case of blood poisoning in his left arm.

T. J. Ing, agent for the Singer Sewing Machine company of Cleveland, O., and an old acquaintance of the Crockett brothers, H. W. and J. A. in Missouri alone in the nineties, was a Price visitor this week.

Bill was filed in the district court last Saturday by J. M. Marion against C. R. Harris to recover four hundred dollars and interest alleged to be due on a certain promissory note. Attorney's fee of ten per cent is also pruned for in the complaint.

Graham and McInart have rented the east room of the P. O. Building building facing on Main street and will put in a stock of dry goods, clothing, shoes and notions. Their advertisement appears in another section of this impression.

The local theater was well filled last Wednesday evening when the students of the Price academy put on the play, "The Land of Night." The members of the cast deserve considerable praise for the manner in which the play was staged and acted.

Mr. and Mrs. C. A. Givens, who live south of Elgin, entertained Sunday at a big Easter dinner. Those in attendance were Mrs. T. L. McCay and children, Mrs. J. J. Waddell and daughter, LaRita, Mrs. McIntire and Mr. and Mrs. Will Seamount—Green River Dispatch, 27th.

Last Sunday A. W. Horsley, president of Carbon state, accompanied by Bishop E. K. Horsey, A. B. Horsey, and J. H. Pace went to Kenton, where they attended the morning Sunday school services. In the afternoon they drove on to Springville and attended services there.

A. Justice and wife arrived in Price last week from Colorado City, and will be in a day or two open a bakery and confectionery store in the building just east of the Carbon Hotel. Justice is a baking baker and will conduct a meal, clean place. See him for arrangements in this impression of the news.

Tom Avery, the local pitcher who was tried out by Indianapolis of the Browns and afterwards sent to the Tacoma team, in the Northwestern League, returned home last evening. Tom was released by the Tacoma manager at his own request. He signed up right night to play for the Price team.

Thomas Zundel, one of the early settlers in Wellington, passed away at that place on April 27th. Deceased was over 70 years old and was born in Pennsylvania. He came to Utah when a boy and has been actively engaged in building up communities and other pioneer work since he arrived at man's estate.

About fifty thousand dollars worth of good wool sheared at San Rafael is now ready for shipment, some of it having been loaded out Tuesday. Elmer King, the Wayne County statesman, who is here looking after his flock, sold his clip for

thirty-four cents the other day—Green River Dispatch, 27th.

On Wednesday morning the new Star Line began operating an automobile stage line between Price and Bismarck and also between Price and Helper. The fares between those points have been materially reduced. The Star Line's advertisement appears in another part of this impression.

Calamus Johnson, well known engineer on the Utah lines, was married in Price this week to Mrs. Freda Hanson of this city. They will make their home in Grand Junction, it is understood. Both had previously been married. They will receive the congratulations of many friends upon their return.—Grand Junction Sentinel, 24th.

Mrs. Emma H. Olson entertained Wednesday afternoon in compliment to Mrs. John Dennis of Salt Lake City. Dennis was recently visiting here, said the Missoula Journal. Dennis, A. C. Anderson, L. M. Olson, Bismarck Thompson, H. J. Hansen and V. E. Hansen of Salt Lake City, and Misses Kate Christensen and Eva and Pauline Olson—Globe-Trotter Enterprise, 29th.

Steve Phaedi, who was brought down from Bismarck last week accused of beating his wife and threatening to kill her with a knife and who was charged with battery in Judge Lee's court, had his trial last Friday afternoon. Phaedi will remain in jail for the next six days on the sentence being for that period, and in addition Judge Lee taxed on a fine of sixty dollars.

Services at the Methodist church next Sunday as usual. Sunday school at 10 o'clock in the morning, preaching service at 11 o'clock. The minister, Rev. Ernest Smith, will take for his subject, "The Goodness of God." Evening service at 6 o'clock will include the readings, "Why Freddie Didn't Want to Meet Mr. Johnson," and "That Colored Boy, Jimmie."

The biggest tourist movement in recent years is predicted for the intermountain region this summer by Frank A. Weddington, passenger traffic manager of the Denver and Rio Grande, who has just returned to Denver from a trip through the East and South. Round trip tickets went on sale May 1st, a month earlier than usual, which will give Colorado and Utah a start instead of a five months' tourist season.

Charged with burglary in the third degree, George W. Carlyle is languishing in the hospital of the sheriff at the county jail. Last Sunday Carlyle broke into the section house below Price railroad station and possessed himself of razors, brushes and other articles belonging to the section men. He was caught in the act and taken before Judge A. J. Lee, who held him for district court, after the accused had waived preliminary hearing.

H. E. Chalstrom, who has been in the employ of the Carlson-Emery Stores company for the past six years and the past few years manager of their Midland store, has handed in his resignation to take effect July 1st. Chalstrom has not as yet decided where he will locate, but is thinking very seriously of moving to California. He is not in the very best of health and the Sun hopes that wherever he goes his health will improve and that he will be successful in whatever business he engages.

thirty-four cents the other day—Green River Dispatch, 27th.

He was a passenger on the train that ran into the ditch just Tuesday morning on his way to Green River. He will visit Price in the near future. Allen's home is at Spanish Fork.

G. P. Curry, chief electrician at Midland and Bismarck, was a Price visitor last Saturday. He states that the power line from Midland to the Black Hawk tipples is nearly completed. This is the United States Power Company's own line and as soon as motors arrive the line will be runned up from the Black Hawk power plant until such a time as the Utah Power and Light company gets in there. The Midland plant is at present overhauled and the new temporary arrangement, when completed, will considerably lightened the load. The survey for the Utah Power and Light company is completed as far as the Black Hawk tipple.

The marriage of Miss Lillian Riley, daughter of Mr. and Mrs. Julian Riley, and Frank Cole Barnes took place yesterday at noon at the First Congregational church. The ceremony was performed by Rev. Elmer L. Osgood, a wedding breakfast followed at the Hotel Utah for relatives of the young couple. H. W. Riley was best man. The bride wore a white chiffon suit with a picture hat and carried silk of the valley. The breakfast table was decorated in pink and white roses and sweetpeas. The couple left yesterday afternoon for a three weeks' trip to the coast. When they return they will make their home at the Hotel Utah.—Sunday's Tribune.

When the Price ball team was coming down through Sunnyside in the big passenger truck after last Sunday's game they had a narrow escape from being buried into kingdom come by a runaway automobile. Luckily the machine carrying the boys turned to the left and the runaway, over which the owner Louis Pessette, had lost control and which was coming down the road at a terrific pace, just grazed the fenders of the big truck and later dashed into the porch of the officials' cottage. The porch was almost entirely demolished and the machine was crippled up pretty badly. The wonder is that none of the occupants of the car were seriously hurt.

Parley Austin, the sugar-beet grower and expert, accompanied by Robert H. Stewart, farm demonstrator for Carbon and Emery counties, and Parley Jensen made a trip into Emery county last Wednesday for the purpose of keeping the interest in beet culture stirred up. Austin informed the Sun that it is up to the people of Price and vicinity to work up an intense interest in the beet growing industry. He says that if Price boosts and works hard they can have a beet factory here by 1917 and he reiterated his former statement that should the required amount of acreage—about ten thousand—he secured the building of a railroad into Emery county is a foregone conclusion.

That it was good roads day was forcibly brought to the minds of the people of Price when at 8 o'clock this morning the steam whistle of the power plant treated the community to a five minute selection. Again at 7 o'clock it booted and by that time all the male population that could possibly get away were mobilizing at the railroad station armed with picks, shovels, crowbars, rakes and lunch. It took two coaches of the special train provided and promptly at 7:20 o'clock it pulled out. The work will be done at a point near the head of Horse Creek Canyon. The enthusiasts will be joined there by a delegation of Helper and Castle Dale men. Good work will surely be done as most of those gents are expert in the making and mending of roads.

The Price Concert band made a splendid appearance last Saturday evening on the occasion of their third weekly concert when the members turned out in their new uniforms. The uniforms are very attractive, being made of blue-gray cloth with black braid facings and trimmed on the cuffs and collar with gold embroidery. The caps, which are of the regulation band shape and made of the same material as the uniform, are trimmed with gold cord and are extremely neat and natty. The band did not use the stand on Main street, as the weather was extremely unpropitious, but their parading around town playing stirring martial music was much enjoyed. When the large crowd of Masons on their way to the dance at Bismarck from Helper and Castle Dale arrived at the Price depot the band played several selections which were appreciated by both residents and visitors. Professor Burgen is to be congratulated on the proficiency shown by his musicians.

Engineering Corps Coming

Will Make Survey For Branch Into Emery County Beet Lands.

The Denver and Rio Grande will make a survey of the proposed thirty-mile branch extending south from the main line to Castle Dale and Huntington to tap the thirty thousand acre tract of land whenever it is proposed to build a million dollar sugar factory and an irrigation project to cost another million. Dephin L. Dolman of Los Angeles, who represents the syndicate of Californians behind the proposed irrigation project, will be here during the coming week to go over the plans of the company, says yesterday's Salt Lake Herald-Republican. Salt Lake City capitalists are said to be interested in the proposition.

The proposed line of the Denver and Rio Grande also will tap the Emery and Carbon county lands where the Utah-Idaho Sugar company is conducting experiments in growing sugar beets. The California company intends to take water from the Huntington river for irrigation. Officers of the Utah-Idaho Sugar company say they are well pleased with the results so far of experiments in this direction.

SATISFACTORY CONDITIONS IN ALL SECTIONS.

MILLS and Factories Running Full Blast, Plenty of Work and Good Crop Outlook—Monthly Survey of Conditions in United States Shows That Business Is Booming Along.

dying and unless rains come conditions will soon be serious. Cotton is about all marketed. Activity in oil fields has increased about 20 per cent over last year. General trade conditions are good, and labor is in demand.

San Francisco—Lumber prices are up three to five dollars per thousand feet and orders are greater than mill capacity. Acute shortage has caused unparalleled activity in shipbuilding. Trade and financial conditions appear to be excellent.

Washington, D. C., April 28.—The monthly survey of business conditions throughout the country reported to the federal reserve board by agents in each reserve district, and made public tonight, shows that the prosperity continued to increase during April in virtually every section of the United States, especially in Eastern manufacturing centers. A synopsis of the survey by districts follows:

Boston—Business continues to improve. Comparison with a year ago shows that in many cases the improvement is extreme.

New York—The volume of goods produced and sold last month was probably greater than in any March on record.

Philadelphia—Trade is brisk, prices are rising and manufacturing plants are working to capacity.

Cleveland—Earnings of steel companies and concerns in kindred lines continue at an unprecedented rate.

Atlanta—General conditions are unchanged and the outlook for the future is favorable. There is a gradual swelling of the cotton crop. Manufacturers are working full time and many are behind on orders.

Chicago—Money is hardening very rapidly. Manufacturers and wholesale merchants are enjoying good business. Fall wheat condition is reported to be unsatisfactory in many localities and decreased wheat crops in prospect. Volume of general business continues high.

St. Louis—This district is in excellent business condition. Producers and manufacturers are operating to capacity, shipments of merchandise show large increases and the buying power of the general public has increased.

Minneapolis—Wholesale and retail trade are prosperous and industrial conditions excellent. Grain territory will show a 10 per cent reduction in wheat acreage for 1916. Planting will be two weeks late, but a good crop is looked for, as conditions appear favorable.

Kansas City—Crop conditions have seldom been better at this season. Crop shortage has been somewhat relieved. There are no labor disturbances. Price records continue to be broken at all stock markets of the district. There appears to be no cessation in the volume of the business.

Dallas—As Mother Used to Sing—Prof. A. Burgener and Miss Lois Leonard.

Dates—A. L. Heppner and Mrs. W. H. Pace.

"Visiting Laura Belle"—Mrs. John G. Gubler.

Vocal Solo—Mrs. Virginia Wilson.

Reading—Miss Agnes MacLean.

Saxophone Solo—George Mathis.

Violin Solo—Bryan Olson.

Piano Solo—Mrs. A. B. Horsley.

Mandolin and Guitar—Robert McKone and W. E. Anderson.

Dodge Brothers' Roadster.

GEN. A. L. PERSHING SELLECTS A DODGE.

The merits of the Dodge car have often been proclaimed by owners as one of the most powerful cars made and one which gives satisfaction wherever seen. The latest achievement of this car is told of in the movement of the American troops across the border, when General Pershing selected a Dodge car to convey him to the front. An army officer who was with the advance, referring to the Dodge car, says:

"We had practically to make our own roads and from what the Dodge car showed on that trip I believe it could climb a wall. The car went through mountain passes and over places where it was necessary for the engineering corps to blast out a trail before the trucks coming after could get through at all."
